Congratulations

on your engagement and thank you for considering me for your special day.

As a Northern California Premier Certified Award Winning Professional Makeup Artist, I been regarded as the premier Wedding and Bridal Makeup Artist for the greater Sacramento area.

I have years of experience in the bridal industry and have worked closely with some of the best wedding Photographers, Wedding coordinators and venues in the Sacramento and Napa Valley; served over 500 weddings as a full-time makeup artist.

Weddings are my first love and what I know the best. I started my career at a bridal Salon and every bride I have made Beautiful is a special part of me. My heart grows at every single one.

Although I am known for the eyes to pop in photos. I am also known for my flawless makeup application. I am very versatile in my application, that comes from being taught and teaching at a makeup academy. I do not just do a beautiful clean face but I can also do a dramatic eye, pinup and style a beautiful hairstyle. This is what sets me apart from other makeup artists!

I'm looking forward to meeting you and making Beautiful!

REVIEWS

Jenifer did my makeup and hair for my wedding; I loved her work!

She is talented and fun, and really helped minimize wedding planning stress! She is timely and professional too, as well as friendly. I definitely recommend her! I am Asian American, with one monolid and one double-eyelid, so it's really tricky to do my eye makeup, but Jenifer had no problems making my eyes look even and pretty! - Willie

Working with Jen was fantastic.

After my photographer recommended her, I went ahead and booked her. She was very responsive to all of my questions and accommodated the many last minute additions. She, along with the additional hair stylist she brought (Lia) arrived early, and were incredibly efficient getting everyone looking pretty. This was a HUGE plus for us, as we actually ended up AHEAD of schedule. My hair and makeup looked even BETTER than our trial run; Jen took her time and made me feel like a beautiful bride. If you're getting married in the Sacramento area, Jen is a MUST. - Anaha

Jenifer is really awesome!

I am so happy I chose her to be my makeup artist for my wedding day. She did a wonderful job on me and all of my girls! She is so knowledgeable about awesome makeup products and tips, which really prove to you she knows what she is doing. She is so nice and will really make you feel comfortable. Thanks Jenifer! - Kelly
